Charged With Gigantic Land Frauds

Washington, D. C., April 1.—After repeated delays and postponements, John A. Benson, J. H. Schneider, Henry P. Dimond and Frederick A. Hyde, real estate operators of the Pacific coast, are finally to face the bar of justice and answer to charges of conspiracy to defraud the United States out of valuable timber concessions in nearly every State west of the Mississippi River. These four defendants, according to the Government officials, are the ring-leaders of the most stupendous land frauds ever brought to light in this country.

The cases were called for trial today before Justice Stafford. The trial is expected to consume nearly three months, as more than 200 witnesses may be examined. Congress recently authorized the expenditure necessary to conduct the prosecution and directed that the entire cost, approximately \$50,000, be borne by the government and no portion charged against the District of Columbia, in whose courts the trial is to take place. The case of the prosecution will be handled by United States Attorney Baker, special Assistant United States Attorney Pugh and Francis J. Heney, of San Francisco, special counsel for the United States in the prosecution of land frauds. The defendants have engaged eminent counsel, including Attorneys A. S. Worthington, R. Golden Donaldson and A. A. Birney, with three assistants.

The cases against Benson, Dimond, Schneider and Hyde have been dragging along for the past four years. John A. Benson is regarded as the principal in the alleged conspiracy. For many years he has been a prominent figure on the Pacific coast. Early in life he went from Ohio to San Francisco, where he established himself as a surveyor, land agent and real estate operator. From 1876 to 1879 he held the office of United States deputy surveyor. Then he

proceeded to organize the Benson land ring, seeking to control contracts for surveying government lands. For the next six years he and his crowd controlled all contracts for surveying government lands in California and the neighboring States.

Reports of Benson's operations finally led to an official investigation as a result of which seventy-six indictments were returned against Benson and his associates. In 1885 and 1886 Benson himself was indicted no less than twenty-four times. Wealth and influence were employed to prevent the trial of the cases. Meanwhile special agents of the government were sent to San Francisco to make a thorough investigation of State and Federal officials who had protected Benson. They found that the Southern Pacific Railroad as well as a number of prominent officials were interested in the Benson contracts. Although the special agents completed their evidence the cases were repeatedly postponed and never came to trial.

From 1887 to 1895 the Benson cases dragged through the United States courts. In the latter year Benson and his associates, having amassed a large fortune in California, widened their field of operations to include Oregon, Washington and other States. Then came the investigation, started by Secretary Hitchcock in 1903, resulting in charges involving Senator Mitchell, Representative Binger Hermann and others of prominence. As a result of the evidence brought to light in these trials Benson was convicted at San Francisco, in August, 1907, of conspiracy to defraud the government out of 12,000 acres of land, and sentenced to ten years' imprisonment. He appealed the case and has since been at liberty under \$30,000 bond. Now, with a fortune estimated at \$20,000,000, he and his associates must again stand trial on charges of alleged wholesale swindling.

DILLARD CHOSEN.

Named For Presidential Elector on Anti-Bailey Ticket.

Dallas, April 1.—Hon. J. E. Dillard of Kaufman has been chosen by the executive committee of the Democratic Club of Texas to fill the vacancy on the anti-Bailey ticket occasioned by refusal of former Senator Mills to serve as candidate for presidential elector.

Judge Dillard was for eight years judge of the district composed of Collin, Grayson, Kaufman, Ellis and Rockwall counties, voluntarily retiring two years ago. He is one of the best known attorneys of north Texas.

"FULL CREW" LAW.

Court of Civil Appeals Holds It to Be Constitutional.

Austin, April 1.—Court of civil appeals affirmed the case of the Missouri Kansas and Texas railway against the state, appealed from Travis county, thereby holding that the "full crew" law of the Thirtieth legislature is constitutional. The railway company attacked this act on the grounds that the caption was defective, but the court held in upholding this law that the object of an enactment shall only be stated in general terms in the caption. In district court the state recovered \$2,000 penalties for two violations of the act and this is affirmed by the court of appeals.

In answering certified questions in case of supreme lodge of Knights and Ladies of Honor vs. C. J. Payne, from the Dallas court of appeals, the supreme court decided in favor of the supreme lodge. Payne sued on a \$2,000 policy on the life of his wife.

MAGAZINE RIFLES.

Texas National Guard Is to Be Equipped With New Springfields.

Austin, April 1.—The adjutant General's department has been advised by the war department that the Texas National guard is to be equipped with new Springfield magazine rifles, model of 1903, with sights of 1906 model. The government will exchange arm for arm, and the Krag's now in use in the state will have to be returned before the new rifles are supplied by May 1. The new rifles are big improvements over the Krag's, as the life of a Krag is limited to 2,000 shots, while the new guns is good for 6,000. Sharp pointed bullets are used exclusively in the new rifles.

Forty Thousand Idle.

Columbus, O., April 1.—According to accurate reports received here from all over Ohio mining districts 40,000 workmen of all kinds in the mines are idle as the result of the decision of union mine officials in the central competitive district to stop work because, they say, operators decline to make any wage agreement.

Typhus Rages at Budapest.

Budapest, Hungary, April 1.—Typhus is raging here. People are leaving.

FAITH RESTATEMENT.

Subject That Excites Much Interest Among Methodists.

Nashville, April 1.—A prominent question before the 5,000,000 Methodists of the United States is the proposed restatement of faith. The measure was introduced and championed at the last session of the general conference of the Methodist Episcopal church, South, by Rev. Dr. W. F. Gillette, dean of Vanderbilt university. Measure asks for a commission to unite with other Methodist churches in writing a "statement" or "creed" for the Methodist church. Opponents claim the question was sprung without warning or previous discussion from pulpits or through the religious press and the measure was passed because of lack of understanding of the importance of the step.

The question will be practically settled at the meeting of the conference of the Southern Methodist church at Baltimore in May, and it is the question above all others that is interesting Methodists everywhere. The opposition is led by Rev. Dr. H. M. Dabose, editor of the Epworth Era, and one of the most prominent men of Southern Methodist church. Opponents claim the Methodist church has gotten along for 200 years without a creed and it needs none.

Methodists over the country are warming up on the subject and lively times are expected when the question is sprung in the Baltimore conference.

LAND FRAUD CASE.

Over Two Hundred Witnesses Are Present at Washington.

Washington, April 1.—The trial of the alleged land fraud case against Frederick A. Hyde, John A. Benson, Henry P. Dimond and Joost H. Schneider, involving alleged conspiracy to defraud the United States of valuable lands in several western states, was begun here before Justice Stafford in the criminal court.

Upwards of 200 witnesses from fourteen states in the west where the alleged fraudulent acquisitions of lands were effected, are here for the trial. This case has been on docket of courts here and in California for the past four years. An appropriation of \$60,000 was made by congress at the present session to cover the cost of trial.

The indictments against the four men on charge of conspiracy were hatched at this city in 1901, it is alleged, to defraud the United States out of many thousands of acres of public land. It is alleged these men, operating through names of fictitious persons, acquired school lands in Oregon and California by false entries and forged signatures later being transferred with the help of information from subsidized clerks in the general land office. Benson is a San Francisco millionaire.

Owing to Uprising.

A national Bank with a responsible list of Shareholders—all home people—all well known—all identified with the best interests of the Town and County in which the Bank is located should naturally receive preference over a National Bank with shareholders scattered all over the State, many of them with no interest in the town or county, save to draw their dividends and take the money from your midst.

Our list of Shareholders have been published from time to time and every Dollar of our Earnings has been kept at Home and today is being loaned to our Farmers and Merchants.

CLAY MANUFACTURER HERE.

Mr. Crossen Spent Three Days With Mr. Jno. C. Vick—Believes in Bryan Clay.

Mr. H. G. Crossen, of the Crossen-Badge Co., of Springfield, Mo., has been in Bryan for the past three days in conference with Mr. Jno. C. Vick in regard to a location for his company in Texas in the clay manufacturing business.

Mr. Crossen has spent the past four months in Texas looking into this business and has visited all the larger plants of Texas and says that notwithstanding the hard times the Texas plants are running to their full capacity and turning down orders and that the price of brick has advanced as much as \$1.00 per 1000 in the past twelve months.

He has looked into the clay beds here and considers the prospect for material and location the best that he had seen in Texas and expressed himself as well pleased.

Mr. Crossen believes this Bryan material will make excellent drain tile, sewer pipe, roofing, etc., and has arranged for a complete test.

There will in a short time be a great demand for farm drain tile in Texas especially in the river bottoms and coast country, and Mr. Crossen said his company realized that in a short time drain tile would do for Texas what it has done for Illinois, Iowa and the other Northern states.

Clay products with modern methods are gradually replacing wood owing to the high price of lumber and their uses will continue to grow as the price of lumber advances.

Mr. Crossen and Mr. Vick have not entered into any definite contract yet pending the tests for tilting.

There is but little question but that Mr. Vick would have gotten this plant started this past season with local capital were it not for the money stringency, for there is no question but what this is one of the best and safest manufacturing propositions ever offered local capital. The Eagle learns Mr. Crossen represents ample capital.

FAIRBANKS THE FAVORITE

Indiana Republicans Present Him
as Their Choice

FOR HIGHEST OF HONORS.

Amid Tremendous Enthusiasm His Party
Brethren Instruct the Delegation to
the National Convention to Labor to
Make Him Standard Bearer.

Indianapolis, April 1.—The Indiana Republicans went into state convention Wednesday and adopted a platform formally presenting to the country Charles Warren Fairbanks, vice president of the United States, as their choice for the presidency, and instructed the thirty delegates to the national convention to vote and persistently work for his nomination.

The 1,470 delegates in themselves make a goodly crowd, which has been doubled by as many alternates and multiplied twenty times by Federal, state, county and municipal officeholders, and friends and supporters contesting candidates.

According to agreement of the party leaders Representative Overstreet of Indianapolis was selected for temporary chairman, Representative J. C.

CHARLES W. FAIRBANKS.

Chaney of Sullivan for permanent chairman, and for delegates-at-large to the national convention United States Senators Beveridge and James E. Hemenway, Governor J. Frank Hanley and James P. Goodrich of Winchester, chairman of the state committee.

It was agreed by a large majority of the party leaders that the prominent planks in the platform in addition to a strong resolution instructing for Vice President Fairbanks, should be one favoring local option, with the county as a unit, and another to follow the advice of Vice President Fairbanks and urge the revision of the tariff by a special session of congress, to be called immediately after the fall elections.

Great applause greeted the mention of Vice President Fairbanks' name and he was nominated amid tremendous enthusiasm.

BACKED UP BY BOMB.

Front Door Blown Down, Vestibule
Wrecked, but Occupants Escape.

New York, April 1.—Following the sending of a letter demanding money, a bomb was thrown Wednesday at the home of Joe Scullitto in Boliver street, Brooklyn. The explosion broke all windows in the house, blew down the front door and wrecked the vestibule, but the occupants escaped uninjured.

The Scullitto home is within a block of that of Selig Silverstein, the man who threw a bomb in Union square Saturday.

Helen Griffin.

Los Angeles, Cal., April 1.—Mrs. Helen Griffin, twenty-three years of age, was shot and killed by Mrs. U. Z. de Arman, wife of U. Z. de Arman, who has been racing horses at Santa Anita during the past season.

Mrs. de Arman fired five shots, one of which took effect under her victim's left ear, killing her almost instantly. The motive for the shooting is admitted by de Arman to have been jealousy of him by his wife.

Reduced Fare On.

Nashville, April 1.—The Southern railway has put on the 2-1-2 cent rate in Tennessee in accordance with the agreement entered into several weeks ago with Governor Patterson and the railroad commission. One and 2,000 mileage books are sold at 2 cents per mile and 500 mileage books at 2-1-4 cents. This is the flat rate that will continue in operation for one year to see if reduced rates prove profitable.

Part Let to Greer.

Guthrie, April 1.—Part of the state printing contract has been let to Frank Greer of Guthrie. This class calls for all the job work the state has, and is said to represent more than half of the entire contract.

London, April 1.—With the stroke of midnight Tuesday night Great Britain's volunteer army became a thing of the past after an existence of forty-nine years, and a territorial army, introduced by War Secretary Haldane, reigns in its stead.

DAY CASE DISMISSED.

Decision of Bishop Is Received
With Applause.

New York, April 1.—The charges that were preferred against Chancellor Day of Syracuse university by Rev. G. A. Cooke of Brandon were ruled out of the conference by Bishop Moore at the opening of the one hundred and ninth session of the New York Methodist Episcopal conference. Bishop Moore in dismissing the charges said he regarded the complaint against Chancellor Day as a direct attack upon free speech and a free press. The decision was greeted with cheers and long continued applause.

Neighbors Liberally Donate Toward
Starting Unfortunate Man Again.

Grand, Okla., April 1.—A prairie fire destroyed the farm residence of J. H. Reel, living west of Upper Hackberry, together with all his clothing, harness, hay, and all corn but a few bushels. The neighbors donated liberally toward starting Mr. Reel in life again. He is one of the oldest homesteaders in the county, and the fire left him almost destitute.

Democrat Seated.

Guthrie, April 1.—By a vote of seventy-five to nineteen, with fourteen absentees, the house adopted the majority report of the committee on privileges and elections, which gave the seat allotted to Alfalfa county to Dan G. Murley, Democrat, unseating W. H. H. Allen, Republican. Murley came forward five minutes later and took the oath. Mr. Allen at once left.
